flagship range to unusual and quirky ideas. This is a free blog, providing colour commentary, educational and design inspiration and ideas.

Basswood Forest The Basswood Forest is a broad, open tract near the southern bank of the St. Marys River in the unincorporated community of Basswood, Hertford County, in the U.S. state of North Carolina. The forest has an area of and includes more than, including over of open water. The forest is part of the Neuse River National Wildlife Refuge and includes a wetland area with sections of Oak/Shrub swamp, Yellow maple swamp, and a large freshwater marsh. The forest includes over 40 islands on the St. Marys River, and is home to beavers, otters, and bald eagles. The forest is considered as a critical habitat for the Fishes and the Habitat. The islands in the forest is home to over 200 birds species such as the osprey, yellow-throated warbler, and swamp warbler. The forest is managed by the National Wildlife Refuge System and is a popular destination for fishing and bird watching. The forest is open to the public daily and free of charge. Boat launching facilities are available at the timber railroad wharf on the western end of the forest.
