User Reviews for Tipard Total Media Converter Functional, but saves to very low quality 3 By Dgx22 This program converted to an MP3 file as stated in the box. The program is simple to use and runs smoothly. The quality of the MP3 file that it created was horrible, similar to the sound from a portable cassette player. By IOV. Converter works great, but only for converting MOV to MP4 5 By DonnyTD I have been using this software for years on both Mac and Windows. When I upgraded to Windows 8.1 it did not recognize the updates so I would download the updates again. BUT it is not supported for Windows 8 anymore. We are now stuck with Windows 7 which is no longer fully supported by Microsoft. Nolan and Ted give you a full refund if you have issues with this software and will help you out. Fast and easy 5 By Mahony This software is one of the few that handles all the various formats I need to convert quickly and easily, without having to go through 10 different programs to try and get an output that will work. Easy to use but problematic 2 By Action Survivor The guys at tipard released a new version of their software
