• Over 10+ hours of gameplay Featuring over 80 types of enemies and 100 weapons. • Deep and Intricate Combat System A deep combat system that mixes RPG gameplay with strategic systems. • Deep and Complex Puzzles A variety of puzzles that challenge your tactical skills as a fierce warrior. • Wide Degree of Customization A world brimming with vitality from a variety of possibilities. • Fantastic Icon Design While the graphics may not be the most refined, the unique character design will leave you speechless. • Easy to Enjoy and Accessible, Even on Mobile Whether you play on your smartphone or PC, you can easily play from anywhere at any time with an intuitive interface. As a (not only) fantasy action RPG that was released in the very beginning of this year, "Legend of Legacy" follows the same direction as "Dragoneer's Phantasm". As the protagonist, you will defend the village while trying to get rid of monsters that are challenging your allies, acting as a kind of complementary game to "Alone in the Dark". [System Requirements] Supported systems Windows Vista/7/8/10 Operating System Windows XP/Vista/7/8/10/ Microsoft.NET Framework 4.0 Processor Intel Pentium IV 2.8 GHz or higher RAM 1 GB or higher Hard Disk space 3 GB or higher [Developer(s)] (band)DIVZERO Studio (Band) "Legend of Legacy" was published in collaboration with DIVZERO Studio, founded by the creators of the hugely popular "Dragoneer's Phantasm" series. As the main developer of "Legend of Legacy", Band has been able to further expand upon the gaming elements of "Dragoneer's Phantasm" as well as the character customization of the protagonist that was introduced with "Dragoneer's Phantasm III" and "Dragoneer's Phantasm X". Set in the hidden world between the Kingdoms of Elden and Tamo'la, the game will take a unique and wild story about a character lost in time and space. During a journey to reclaim her home, the main character will face a variety of monsters, dangerous dungeons, and unique items that have been found throughout the lands. The game has a high degree of freedom and action elements,

"My thanks to Novus Digital for making me so happy. I'm eating my feelings right now." Kaze "I just played it now and I don't know how I survived it before... it's a very good game." Raki "I like how you have your own story." Madyl "Seeing as I already made a character for myself, I spent the time I had to play with my Elden Ring Cracked Accounts. Although I'm not going to be using this character any more, my Elden Ring has been integrated into the story, and all I have to do now is keep that story going, as well as defend it in my dreams. I truly hope everyone can enjoy the game too." Blake "The game is filled with surprises. I got all the way to level 10!" Passion "Although I found the prologue to be a bit heavy on the formula, it was not long before I became immersed in the game." KoSoJiD "The unique story being told, the ease of selecting actions, and the intriguing graphics are all wonderful." Nitrous "It was a really fun game. I was surprised at how much the gameplay was similar to YGGDRASIL." RayDen "This game is no YGGDRASIL. It's definitely different." Mat "The first bit is probably most

comparable to Nethack, which was one of the classics of the genre for me. After that, it's a deep RPG in its own right, and then it becomes an action RPG. I was able to look through the second half and get right up to level 30, which felt like a lot of fun." EnOllo "I might come across as a bit of a bastard, but I'm looking forward to your amazing game." Goury "It's so sudden. I'm not sure what to think of it." Tsutomu "There were many parts in the story that were just as cool as the parts with my fighting. I felt so happy to have my Elden Ring in all of it." Cloudy "I want to play that game everyday." Watsufushi "Truly an RPG of a different breed." ChronEvo "I have no wish to be bff6bb2d33

Batum is currently playing on the country's pro team, AX Armani Exchange Milano, in the Italian league. Olshey called the decision to select Batum a "no-brainer." "Nicolas is one of the most gifted players in this draft," Olshey said in a statement. "He is a true creative force both on the court and in terms of his impact off the court. We believe that Nicolas will be a significant contributor to our team for years to come." Batum led AX Milano to a second-place finish in the Pro A League behind Olympiacos Piraeus. He averaged 17.6 points, 5.3 rebounds, 3.5 assists and 2.5 steals per game. Batum is the second Blazer

selected in the first round after guard Anthony Morrow went No. 12 to Utah. Last season, Batum was the 36th overall pick in the 2009 NBA Draft. He also played with the Blazer in their Summer League squad. Batum has been on a three-year streak of playing in the EuroLeague, Eurocup and Pro A League. He started all but one of AX Milano's EuroLeague games. Last season, the French forward helped Olympiacos Piraeus win the Euroleague title. He was also on the team that won the Eurocup title in 2009-10. Batum also helped Olympiacos win the Greek League title in 2009-10 and the Turkish League championship in 2011-12. In the Turkish League, he averaged 16.1
